

This is the privacy policy (“Privacy Policy”) for any Application or web service owned or operated (collectively “the Application”) provided by Adam Sobotka, registration number 02225263.

## 1. Introduction

This Privacy Policy explains who we are, why and how we process personal data collected through your use of the Application and, if you are the subject of any of the personal data concerned, what rights you have and how to get in touch with us if you need to.

When you supply any personal data to us we have legal obligations towards you in the way we use that data. We must collect the information fairly and explain to you how we will use it.

This Privacy Policy supplements other notices and legal documents including the Terms of Service and is not intended to override or replace them.

By downloading and/or using our Application, you agree to its terms (including as amended from time to time) and this Privacy Policy. If, for any reason, you do not agree to the terms of this Privacy Policy, please stop using the Application.

We reserve the right to revise or amend this Privacy Policy at any time to reflect changes to our business or changes in the law. It is your responsibility to check this Privacy Policy before each use of the Application.

Please note that the Application is not intended for use by nor directed at anyone under the age of 15 and we do not knowingly collect data relating to children. If you believe we have collected personal information about your child, you may contact us at [legal@younf.com](mailto:legal@younf.com) and request that we remove information about them.

## 2. What information we collect

### **What is personal data?**

Where this Privacy Policy refers to 'personal data' it is referring to data about you from which you could be identified – such as your name, your date of birth, your contact details, IP or wallet address.

By law all organisations who process your personal data in the European Union are obliged to process your personal data in certain ways and to ensure that you are given an appropriate amount of information about how they use it. You also have various rights to seek information from those organisations about how they are using your data, and to prevent them from processing it unlawfully. For more information about these rights, please see the 'Your Rights' section of this Privacy Policy.

### **How and what types of data we collect from you when you use the Application**

When you use the Application to connect your wallet account, fill in forms provided on the Application and similar use, we temporarily store the information you provide in order to call a service creating an "NFT" token. After you leave the "Create profile" part of the application, we keep only the "Log".

The information we collect in Log may include (but is not limited to): your IP address, wallet address and contract address. We promise to keep this information safe and as a company we use such information only as means to provide customer support.

## Cookies

We do not use “cookies” technology to store any information about you. You are free to block cookies on our page and we promise to keep our application functional without requiring such functionality. Cookies improve the experience though and might be required by third parties (like your wallet provider).

Please refer to your wallet help material to learn what controls you can use to remove cookies, block cookies, or disable IDFA tracking. If you do this, it may affect your use of the Application.

## 3. How and why we use/share your information

### Lawful basis for processing your information

We will only use your personal data when the law allows us to. Most commonly we will use your personal data in the following circumstances:

- Where you have asked us to do so, or consented to us doing so;
- Where we need to do so in order to perform a contract we have entered into with you;
- Where it is necessary for our legitimate interests (or those of a third party) and your fundamental rights do not override those interests; and
- Where we need to comply with a legal or regulatory obligation.

### Service Providers

Our service providers provide us with a variety of administrative, statistical, and technical services. We will only provide service providers with the minimum amount of personal data they need to

fulfil the services we request, and we stipulate that they protect this information and do not use it for any other purpose. We take these relationships seriously and oblige all of our data processors to sign contracts with us that clearly set out their commitment to respecting individual rights, and their commitments to assisting us to help you exercise your rights as a data subject. At present Polygon Network, Vercel and Alchemy are trusted third party service providers of ours.

### **Other Disclosures**

During your use of the Application, your Application store provider and mobile network operator may also collect personal information about you regarding your use of the Application such as your identity, your usage and location.

These third parties shall act as separate and independent controllers of that personal data and shall process it in accordance with their own privacy policy.

### **Links to third party sites**

The Application may, from time to time, contain links to and from the websites of our partner networks, advertisers and affiliates. We may also provide links to third party websites that are not affiliated with the Application. All third party websites are out of our control and are not covered by this Privacy Policy. If you access third party sites using the links provided, the operators of these sites may collect information from you that could be used by them, in accordance with their own privacy policies. Please check these policies before you submit any personal data to those websites.

#### 4. How long we keep your information

We will hold your personal information on our systems only for as long as required to provide you with the products and services you have requested, including for the purposes of satisfying any legal, regulatory, tax, accounting or reporting requirements. We may retain your personal data for a longer period in the event of a complaint or if we reasonably believe there is a prospect of litigation in respect to our relationship with you.

In some circumstances you can ask us to delete your data: see 'Your Rights' below for further information.

In some circumstances we may anonymise your personal data (so that it can no longer be associated with you) for research or statistical purposes in which case we may use this information indefinitely without further notice to you.

#### 5. Security

Younf takes the protection of your information very seriously. We have put in place appropriate physical, electronic and managerial security measures to prevent your personal data from being accidentally lost, used or accessed in an unauthorised way, altered or disclosed, including use of secure servers, passwords and industry standard encryption for data both in transit and at store.

You are responsible for keeping this recovery password confidential as instructed by your Wallet provider. In an agreement with major third party wallets we ask you not to share a recovery password and private key with anyone.

We have put in place procedures to deal with any suspected personal data breach and will notify you and any regulator of a breach where we are legally required to do so.

## 6. International Data Transfers

Please note that some of our service providers may be based outside of the European Economic Area (the “EEA”). These service providers may work for us or for one of our suppliers and may be engaged in, among other things, the fulfilment of your request for information, products and services, the processing of your payment details and the provision of support services.

Wherever we transfer your data to a service provider that is outside of the EEA we seek to ensure that all safeguards are in place to make sure that your personal data is held securely and that your rights as a data subject are upheld. Transfers of personal data are either made:

- to a country recognised by the European Commission as providing an adequate level of protection; or
- to a country which does not offer adequate protection but whose transfer has been governed by the standard contractual clauses of the European Commission or by implementing other appropriate cross-border transfer solutions to provide adequate protection.

By submitting your personal information, you agree to this transfer, storing or processing. If you would like more information about the mechanism of your personal data transfer, please contact [legal@younf.com](mailto:legal@younf.com).

## 7. Your Rights

As a data subject you have a number of rights in relation to your personal data. Below, we have described the various rights that you have as well as how you can exercise them.

### Right of Access

You may, at any time, request access to the personal data that we hold which relates to you (you may have heard of this right being described as a “subject access request”).

Please note that this right entitles you to receive a copy of the personal data that we hold about you in order to enable you to check that it is correct and to ensure that we are processing that personal data lawfully. It is not a right that allows you to request personal data about other people, or a right to request specific documents from us that do not relate to your personal data.

You can exercise this right at any time by writing to us using the e-mail [legal@younf.com](mailto:legal@younf.com) and telling us that you are making a subject access request. You do not have to fill in a specific form to make this kind of request, but in most circumstances we will need your wallet address as we don't store any personal information (including e-mails) in the long term.

## **Your Right to Rectification and Erasure**

You may, at any time, request that we correct personal data that we hold about you which you believe is incorrect or inaccurate. Please note that we may ask you to verify any new data that you provide to us and may take our own steps to check that the new data you have supplied us with is right.

You may also ask us to erase personal data that we control if you do not believe that we need to continue retaining it (you may have heard of this right described as the “right to be forgotten”). Although we will do everything to respect your request and personal data it may not always be possible to erase all of your personal data as there may be legal requirements to keep certain personal data or technical limitations to the data we can delete; for example, we are not able to satisfy requests to erase records and information recorded on the

blockchain, including, but not limited to, your chosen user name, your transaction history and your account balance.

There may also be legitimate interests in keeping certain data including, amongst others, if the data is required for the Application to function. If this is the case we will continue to process this data.

If erasure is not technically possible or we believe that we have a good legal reason to continue processing personal data that you ask us to erase we will tell you this and our reasoning at the time we respond to your request.

### **Your Right to Restrict Processing**

Where we process your personal data on the basis of a legitimate interest you are entitled to ask us to stop processing it in that way if you feel that our continuing to do so impacts on your fundamental rights and freedoms or if you feel that those legitimate interests are not valid.

Please note that if for any reason we believe that we have a good legal reason to continue processing personal data that you ask us to stop processing, we will tell you what that reason is, either at the time we first respond to your request or after we have had the opportunity to consider and investigate it.

### **Your Right to stop receiving communications**

For details on your rights to ask us to stop sending you various kinds of communications, please contact us at [marketing@younf.com](mailto:marketing@younf.com).

## **Your Right to object to automated decision making and profiling**

You have the right to be informed about the existence of any automated decision making and profiling of your personal data, and where reasonable, be provided with meaningful information about the logic involved, as well as the significance and the envisaged consequences of such processing that affects you.

## **Withdrawal of consent**

Where we are relying on consent to process your personal data you may withdraw consent at any time. However, this will not affect the lawfulness of any processing carried out before you withdraw your consent. If you withdraw your consent, we may not be able to provide certain products or services to you. We will advise you if this is the case at the time you withdraw your consent.

## **Exercising your rights**

When you write to us making a request to exercise your rights we are entitled to ask you to prove that you are who you say you are. We may ask you to provide copies of relevant ID documents to help us to verify your identity.

It will help us to process your request if you clearly state which right you wish to exercise and, where relevant, why it is that you are exercising it. The clearer and more specific you can be, the faster and more efficiently we can deal with your request. If you do not provide us with sufficient information then we may delay actioning your request until you have provided us with additional information (and where this is the case we will tell you).

## 8. Contact Details

If you have any queries regarding this Privacy Policy, if you wish to exercise any of your rights set out above or if you think that the Privacy Policy has not been followed, please contact us by emailing at [legal@younf.com](mailto:legal@younf.com).

You also have the right to lodge a complaint to the EUROPEAN DATA PROTECTION SUPERVISOR (EDPS), the EU supervisory authority for data protection issues ([https://edps.europa.eu/\\_en](https://edps.europa.eu/_en)). We would, however, appreciate the chance to deal with your concerns before you reach out to the EDPS so please contact us in the first instance.
